### Annexure - B to the Independent Auditors Report

### Referred to in para 8 of our report of even date, to the members of Osmanabad Airport Private Limited for the year ended March 31, 2018

# Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Osmanabad Airport Private Limited ("the Company") as of March 31, 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

## Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

## Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes annexed to and forming part of the financial statements

#### Note 15 Significant Accounting Polices

#### INTRODUCTION:

Osmanabad Airport Private Limited is a Special Purpose Vehicle Incorporated by Reliance Airport Developers Private Limited and Reliance Infrastructure Limited. The Company was incorporated on September 29, 2009 in the state of Maharashtra, India.

The Company has entered into Lease Agreement with Maharashtra Industrial Development Corporation ("the MIDC") on November 3, 2009 to Design, Develop, Upgrade, Finance, Operate, Maintain and Manage the Airport at Osmanabad. Pursuant to the terms and conditions of the Agreement, the company has been assigned and conveyed the exclusive lease rights of the immovable and movable property for a period of 95 years.

#### 2 Basis of Preparation

(i) Compliance with Indian Accounting Standards

The Financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act, 2013 ("the Act) to be read with Rule 7 of the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act. The Company adopted Ind AS w.e.f. April 01, 2016, (with a transition date of April 01, 2015). These financial statements are the first financial statements under Ind AS.

Financial statements have been prepared in accordance with the requirements of the information and disclosure mandated by Schedule III of the Act, applicable Ind AS, other applicable pronouncements and regulations.

#### (ii) Basis of Measurement

The Financial Statement have been prepared on the historical cost basis except for certain financial instrument that are measured at amortised cost at the end of each reporting period.

#### 3 Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

#### An asset is treated as current when it is:

@ Expected to be realised or intended to be sold or consumed in normal operating cycle

B Expected to be realised within twelve months after the reporting period, or

E Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

#### A liability is current when:

B it is expected to be settled in normal operating cycle

 $\ensuremath{\mathbb{R}}$  It is due to be settled within twelve months after the reporting period, or

a There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The company has identified twelve months as its operating cycle.

#### 4 Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each iurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax

Income tax expense for the year comprises of current tax and deferred tax. Income tax is recognised in the Statement of Profit and Loss except to the extent that it relates to items recognised in "Other comprehensive income" or directly in equity, in which case the tax is recognised in "Other comprehensive income" or directly in equity, in which case the tax is recognised in "Other comprehensive income" or directly in equity, in which case the tax is recognised in "Other comprehensive income" or directly in equity.

101

#### **5** Financial Instruments

#### a) Financial Assets I) Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit and loss, transaction costs that are attributable to the acquisition of financial assets,

Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial assets measured at amortised costs.

II) Subsequent Measurement

For purpose of subsequent measurement financial assets are classified in two broad categories; i) Financial assets at fair value

ii) Financial assets at amortised cost

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Where assets are measured at fair value, gains or loss are either recognised entirely in the statement of profit or loss(i.e fair value through profit or loss) or recognised in other comprehensive income (i.e. fair value through other comprehensive income). III) Impairment of Financial Assets

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

IV) Derecognition of Financial Assets

#### A financial asset is derecognised only when:

The company has transferred the rights to receive cash flows from the financial asset or

· retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients,

#### b) Financial Liabilities

I) Initial recognition and measurement

All financial liabilities are recognised at fair value. The Company financial liabilities includes Trade and other Payables.

#### II) Subsequent Measurement

In subsequent measurement, financial liabilities are measured at amortised cost.

#### Jli) Derecognition of Financial Habilities

A Financial Liabilities is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from same lender on substantially different terms, or terms of an existing liability are substantially modified, such an exchange or modification is treated as the recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss,

#### 6 Provisions

Provisions are recognised when the Company has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made for the amount of the obligation. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

#### 7 Contingent Liabilities and Contingent Assets

Contingent liabilities are possible obligation that arise from past events and whose existence will only be confirmed by that occurrence or non occurrence of one or more future events not wholly within the control of the company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as contingent liability, unless the probability of outflow of economic benefits is remote. Contingent liabilities are disclosed on the basis of judgement of the management/independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate. Contingent assets are neither recognised nor disclosed in the financial statements.

#### 8 Cash and cash equivalents:

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

#### 9 Earnings Per Share

The Company reports basic and diluted Earnings per Share (EPS) in accordance with Ind AS 33 on Earnings per Share.

Basic EPS is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

Diluted EPS is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year as adjusted for the effects of all dilutive potential equity shares, except where the results are antidilutive.

#### 10 First-time adoption - mandatory exceptions, optional exemptions

#### Transition to Ind AS

These are the Company's first financial statements prepared in accordance with Ind AS.

The accounting policies set out in note 2 have been applied in preparing the financial statements for the year ended March 31, 2017, the comparative information presented in these financial, statements for the year ended March 31, 2016 and in the preparation of an opening ind AS balance sheet at April 1, 2015 (the date of trajectori). In preparing its opening ind AS balance sheet, the Company has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the AC (previous GAAP or Indian GAAP). The transition from previous GAAP to Ind AS has not at all affected the company, financial position, financial performance and cash flows.

#### Svenue Recognition Policy:

A Shi Gape of our Business, revenue is recognised on accrual basis when services are rendered and is net of taxes.

The Management of the Company provides written principles for overall risk management, as well as policies covering specific areas, such as interest rate risk and credit risk, use of derivative financial instrument, and investments of excess liquidity.

#### Commodity risk:

The Project SPV requires for implementation (construction, operation and maintenance) of the projects, such as cement, bitumen, steel and other construction materials. For which, the Project SPV entered into fixed price contract with the EPC contractor and O&M Contractor so as to manage our exposure to price increases in raw materials. Hence, the sensitivity analysis is not required.

#### Market risk — interest rate risk

The Bank loans follows floating rates with resets defined under agreements. While interest rate fluctuations carry a risk on financials, the project SPV earn toll income which is linked to WPI thus providing a natural hedge to the interest
