Notes to Financial Statements for the year ended 31st March 2015

2.22 Segment Reporting

The Company operates in only one segment, namely "Toll Roads" hence there are no reportable segments under Accounting Standard 17 'Segment Reporting'.

- 2.23 The company has completed the construction activities and based upon the provisional COD received from NHAI, Intangible Assets representing toll collection rights are being recognied from 11th January 2012. Necessary effect, if any, on the variation shall be accounted in the year in which the final COD is received from NHAI. However, in the opinion, of the management the same is not likely to be material.
- 2.24 On consideration of prudence the deferred tax assets in respect of timing differences have been recognised to the extent of deferred tax liabilities only, resulting in no provision for deferred tax asset/liability.
- 2.25 Previous year figures have been regrouped and re-arranged wherever necessary to confirm to current period classification.
